Dear Rob

I refer to your application for a research permit under the **National Parks Act 1975** to undertake research in All Parks. Permit number **10007099** (expiry date **16 April 2018**) has been granted. If this project is to continue after that date please write to me at the address below requesting a renewal. You are required to submit a copy of your final report. The permit was referred to Parks Victoria to ensure that this project is consistent with park management objectives.

**The granting of this research permit is based on the premise that the work will potentially contribute to scientific knowledge, is supported by both the Department of Environment, Land, Water and Planning and broadly by the community. Researchers should note that the issue of this permit is a privilege not available to the general community and therefore the probity reflected in this research permit indicates the responsibility researchers have to properly undertake their authorised work. Close attention must be paid to all conditions on the permit, failure to do so can result in non-compliance.**

You are reminded that you **must** contact the Ranger in Charge or delegate (contactable via 13 19 63) at **least five days** prior to commencing any research in parks.

**Please note this permit is only valid when signed and dated by the permit holder (see final page of permit).**

Should you require further information, please email: [environmental.research@delwp.vic.gov.au](mailto:environmental.research@delwp.vic.gov.au) or telephone 9450 8746. Please quote the file number and permit number in all correspondence relating to this permit.

Yours sincerely,

**Dr Sue Hadden**  
Environmental Research Co-ordinator
